Effective, intuitive access control for today and tomorrow

Well-suited for small to mid-sized applications, TruPortal™ represents the ideal solution for out-of-the-box access control that delivers full-featured options while being simple to install and operate without special training.

The TruPortal system is built for modern demands and applications, complete with iPad®, iPhone® and Android™ smartphone applications for remote-based management, 64-door/camera capability, simplified wizard-based installation, action triggers and more. TruPortal is the flexible, reliable access control solution for today's applications.
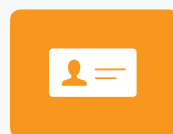

Plus, TruPortal's browser-based functionality requires no server, license or software to install and it easily integrates with TruVision® surveillance recorders and cameras for complete video capabilities.

Rich features when and where you need them most

TruPortal™ combines all the features of the Web Client application in a native iPad, iPhone and Android app to remotely monitor system activity and perform administrative tasks. Mobile users can perform the most common command and control functions including video, reports and door commands direct from their phones.

iPhone App

Android App

|	
Web-browser-based operation	
Access to wizards, tool tips, quick start guide and context-sensitive help for everyday tasks	
Works with most browsers: Internet Explorer, Chrome, Safari, Firefox	
Multi-language*	
Graphical diagnostic dashboard	
Intuitive report generation	

* Simplified Chinese, Dutch, English, Finnish, French, German, Italian, Portuguese, Spanish, Swedish and Turkish.

Designed for easy access
to essential information

Featuring comprehensive tool tips, context-sensitive help and graphical diagnostics, TruPortal™ provides an intuitive user interface that makes operations even easier.

| Clean, icon-based screens |
| --- |
| User wizards with step-by-step instructions |
| Rich functionality for simple search, reports and schedules |
| Expanded video integration with TruVision surveillance recorders |
| Documented WEB API for 3rd Party system integration |

Hardware discovery function during initial and subsequent hardware installations makes set-up quick and easy.

Low total cost
of ownership

Not only does TruPortal™ set a new standard in high-performance access control functionality, but it also is designed to help reduce costs for an even more attractive solution offering.

No dedicated server greatly reduces up-front cost
Eliminates need for software installation and licensing
No application, operating system or database maintenance required
IP PoE single door controller leverages existing IP infrastructure
FREE upgrades—no annual software licensing fees

Seamless integration for complete coverage

TruPortal™ is designed to be part of a multi-faceted security system, working effectively with additional components. The TruPortal system provides simple and intuitive video integration with access events, along with scheduled and manual data backup capabilities.

User-definable fields
Remote door control
Scheduling with recurring holidays
Reader groups and schedules
Enforced anti-passback
Flexible Wiegand reader choices to accommodate 3rd-party integration; including Assa Abloy and Schlage® wireless locks
Powerful action triggers for IF/THEN functionality

The ideal solution
to meet growing needs

As requirements expand, TruPortal™ easily accommodates future growth. Starting with the main system controller for up to 2 doors/4 readers, users can increase their coverage in increments of 1 door/2 readers using the newly released single-door IP-based controller.
PoE IP-based capabilities mean no cable running required—TruPortal plugs into existing infrastructure to be up and running quickly.

TruPortal offers automation features for added convenience and security:

- Database backup at regularly scheduled intervals
- Action triggers that generate emails in response to critical events

System dimensions

Doors	64
Cardholders	10,000
Credentials	10,000
Credentials per cardholder	5
Access levels	64
Access levels per credential	8

TruPortal features at a glance

ACCESS CONTROL
- Card & PIN OR PIN reader mode (Support for Unique User PIN)
- Anti-Passback
- Reader Groups
- I/O Monitor and Control
- Global Door Lock/Unlock
- Door Fallback Mode
- Holidays
- Egress Emergency/Mustering
- Otis CompassPlus and generic elevator control

REPORTS
- HTML View/Print
- CSV Export User Diagnostics
- Power and Hardware Status
- Resource Usage
- System and Device Capacities
- Egress Emergency/Mustering

USABILITY
- Simplified workflow for badge addition
- Simplified Wizard user experience
- Enhanced Event and Person Search
- Record Copy
- Context-Sensitive Help
- User Wizards
- Mobile Applications: iPhone®/Android
- DDNS service support

SECURITY
- HTTPS Communications
- SSL Certificate Import
- Operator Roles
- Configurable TCP/IP Ports

VIDEO INTEGRATION
- Expanded video: including IP video through the TruVision line
- Generic TruVision recorder support
- View Live/Recorded
- Playback Events Linked to Devices
- Save Video Clips

OTHER
- Documented WEB API for 3rd Party system integration
- Simplified Wizard user experience
- User-Defined Person Fields
- NTP Time Sync
- Scheduled Backup
- Action Triggers
- Email Notifications

Ordering information

Base systems	
TP-SYS-2D-E	TruPortal™ 2-Door Base System. Consists of a TruPortal System Controller installed in UL-listed enclosure w/integrated power supply/standby battery charger
TP-SYS-BRD	TruPortal System Controller. For spare parts only

Add-Ons	
TP-ADD-2D-E	TruPortal 2-Door Add-on Kit. Consists of a TruPortal 2-Door Interface Module installed in UL-listed enclosure w/4 AMP power supply
TP-ADD-2D-BRD	TruPortal 2-Door Interface Module. Board only. For installation into an existing TP-ADD-2D, TP-ADD-2D2R or TP-ADD-4D
TP-ADD-IO-E	TruPortal I/O Expansion Add-on Kit. Consists of a TruPortal 16 input, 8 output I/O Expansion Module installed in a UL-listed enclosure w/4 AMP power supply
TP-ADD-IO-BRD	TruPortal I/O Expansion Module. Board(s) only. 16 inputs and 8 relay output (consists of 2 separate but interconnected boards). For spare parts or for installation into an existing TP-SYS-2D
TP-ADD-1DIP	TruPortal IP-Based Single-Door Add-on Kit. Consists of TruPortal 1-door interface Module installed in a UL listed enclosure

Readers	
TP-RDR-100A	TruPortal T-100 Series Reader (mini-mullion mount, Proxlite/HID,® 3 covers, 18"/45.7cm pigtail wire, Wiegand output)
TP-RDR-100B	TruPortal T-100 Series Reader (mini-mullion mount, Proxlite/HID,® 3 covers, 84"/214cm pigtail wire, Wiegand output)
TP-RDR-200A	TruPortal T-200 Series Reader (mini-mullion mount, Vicinity (ISO 15693)/Proximity (ISO14443), 3 covers, 18"/45.7cm pigtail wire, Wiegand output)
TP-RDR-200B	TruPortal T-200 Series Reader (mini-mullion mount, Vicinity (ISO 15693)/Proximity (ISO14443), 3 covers, 84"/214cm pigtail wire, Wiegand output)
430209004/5/6 - T-500W	Casi Proximity, MIFARE® (ISO14443A) and Vicinity (ISO15693), HID proximity & Corp 1000, Wiegand or F/2F output*, Mullion Mount, Gray/Charcoal/Black, 18" pigtail wire
430210004/5/6 - T-520W	Casi Proximity, MIFARE® (ISO14443A) and Vicinity (ISO15693), HID proximity & Corp 1000, Wiegand or F/2Foutput*, Single-width USA electrical box mount, Gray/Charcoal/Black, 18" pigtail wire
430211004/5/6 - T-525W	Casi Proximity, MIFARE® (ISO14443A) and Vicinity (ISO15693), HID proximity & Corp 1000, Wiegand or F/2F output*, 12-key keypad, single-width USA electrical box mount, Gray/Charcoal/Black, 18" pigtail wire

Note: Backup battery must be purchased separately. *TruPortal supports Wiegand only input.
For T-500 Series reader 4/5/6 denote reader colors Gray/Charcoal/Black. For Keypad readers select T-525W reader.

Accessories	
TP-RDR-LRN	Dual-Frequency Enrollment Reader. Connects to PC via USB interface

Credentials	
TP-CP-ISO-25PK	(25 pack) TruPortal Credential - Classic Iso Cards - Proximity (EM) - No Magstripe Gloss/Gloss
TP-CP-KF-LG-25PK	(25 pack) TruPortal Credential - Slender - Truportal Logo - Proximity (EM)
TP-CP-KF-LC-25PK	(25 pack) TruPortal Credential - Slender - Proximity - Chubb Logo - Proximity (EM)
TP-MFC-ISO-25PK	(25 pack) TruPortal Credential - Classic Iso Cards - Mifare - No Magstripe Gloss/Gloss
TP-MFC-KF-BK-25PK	(25 pack) TruPortal Credential - Mifare Classic Keyfobs Piano Black
TP-MFC-KF-LC-25PK	(25 pack) TruPortal Credential - Epoxy Slender - Chubb Logo- Mifare 1K
TP-MFC-KF-LG-25PK	(25 pack) TruPortal Credential - Mifare Classic Keyfobs Epoxy Slender - Truportal Logo
TP-MFC-KF-OG-25PK	(25 pack) TruPortal Credential - Mifare Classic Keyfobs Piano Truportal Orange
TP-MFC-KF-RD-25PK	(25 pack) TruPortal Credential - Mifare Classic Keyfobs Piano Red
TP-CP-KF-BK-25PK	(25 pack) TruPortal Credential - Keyfob Piano Black - Proximity (EM)
TP-CP-KF-RD-25PK	(25 pack) TruPortal Credential - Keyfob Piano Red - Proximity (EM)
TP-CP-KF-OG-25PK	(25 pack) TruPortal Credential - Keyfob Piano TruPortal Orange (EM) - Proximity
